CEILING MOUNTED

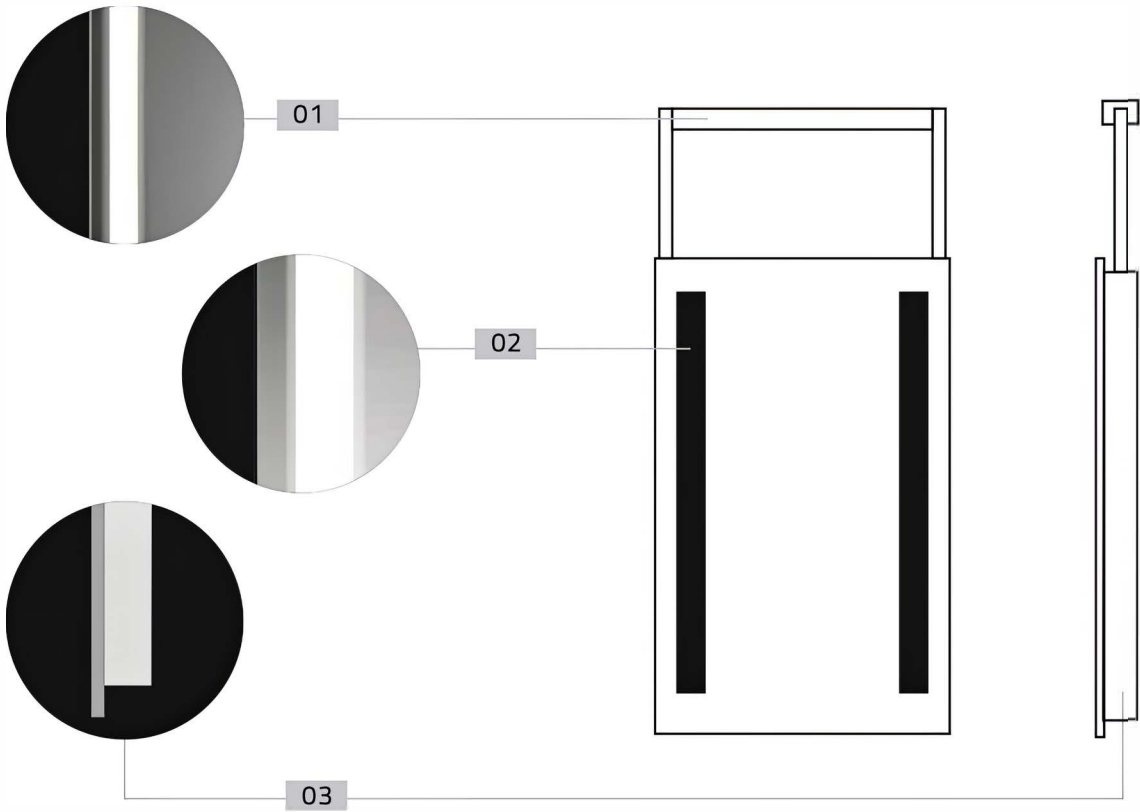

FRONT-LIT MIRROR

The front-lit mirror is ceiling mounted to fit in any modern room or space. The premium matte white finish that encloses the mirror, adds a level of dimension in addition to its clean and minimalist look. An image or work of art can also be mounted on the backside of the mirror, further complementing its unique design.

SIZE GUIDE

W 24" x H 40" x 3.00" (Double Sided)
Custom Sizes Available

01

CLOSED CHASSIS DESIGN

Allows light to come forward towards the face, reducing overhead shadows that are typically cast from pot lights.

02

LIGHT TECHNOLOGY

Lighting composed of very high quality LED hard strips that are embedded directly to the surface of the mirror.

03

AVAILABLE FINISHES

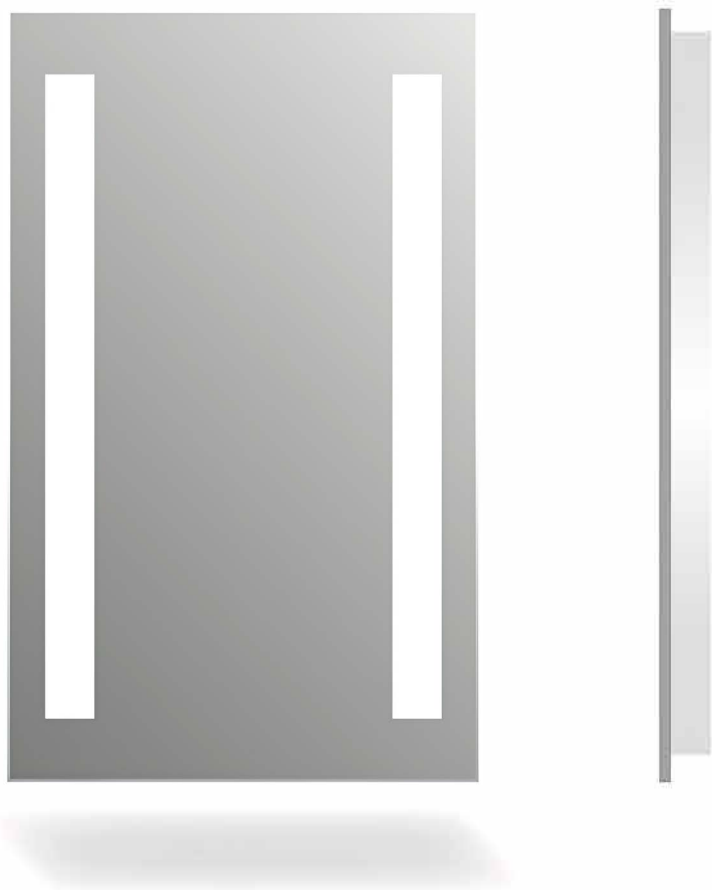

The front-lit mirror itself is enclosed within a sleek and scratch resistant finish, matte white steel chassis.

Matte White

SH-AM-002

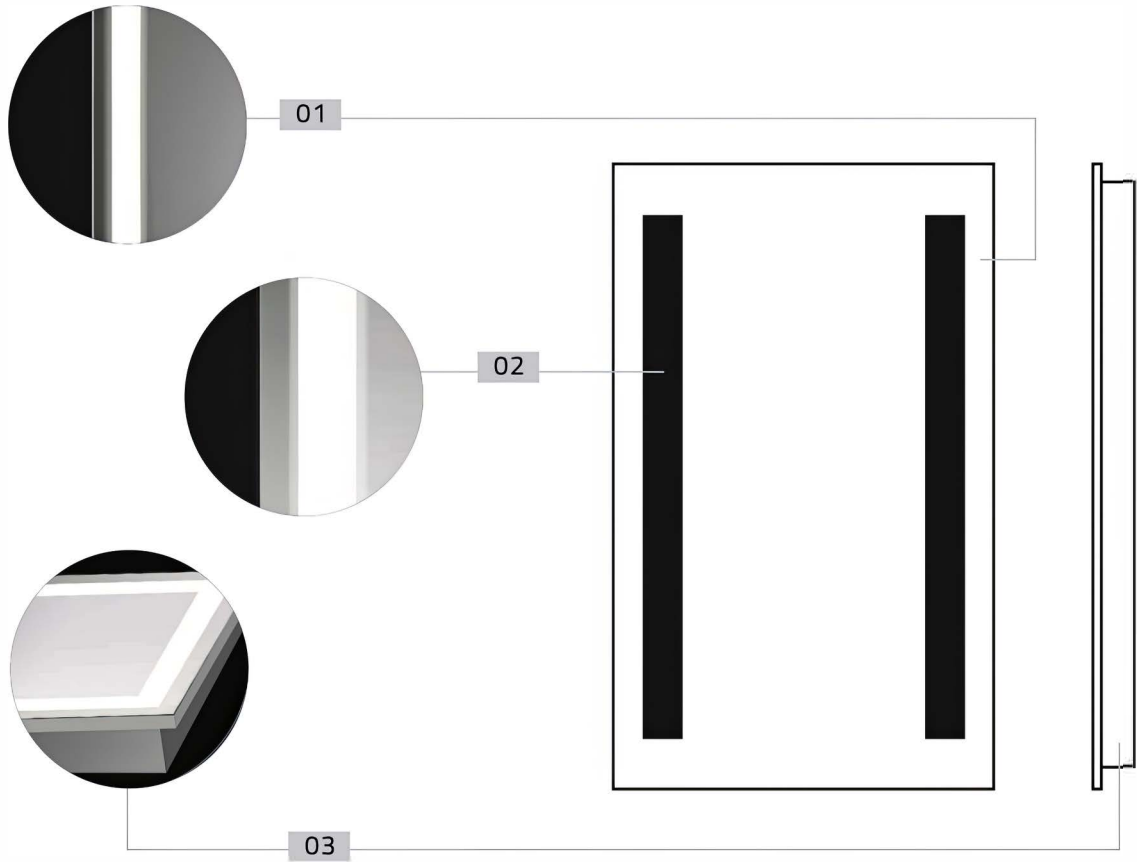

FRONT-LIT MIRROR

The front-lit mirror offers a combination of radiance and focus. It illuminates bathrooms with a relaxed, ambient glow while providing vanity lighting for makeup or grooming. The 2" vertical frosting allows the light to come forward directly reaching the face, cutting through any overhead shadows that typically exist from pot lights.

SIZE GUIDE

W 22" x H 40" x 1.75"
W 24" x H 48" x 1.75"
Custom Sizes Available

01

The front-lit mirror itself is enclosed within a sleek and scratch resistant finish, matte white steel chassis.

Matte White

SH-AM-003

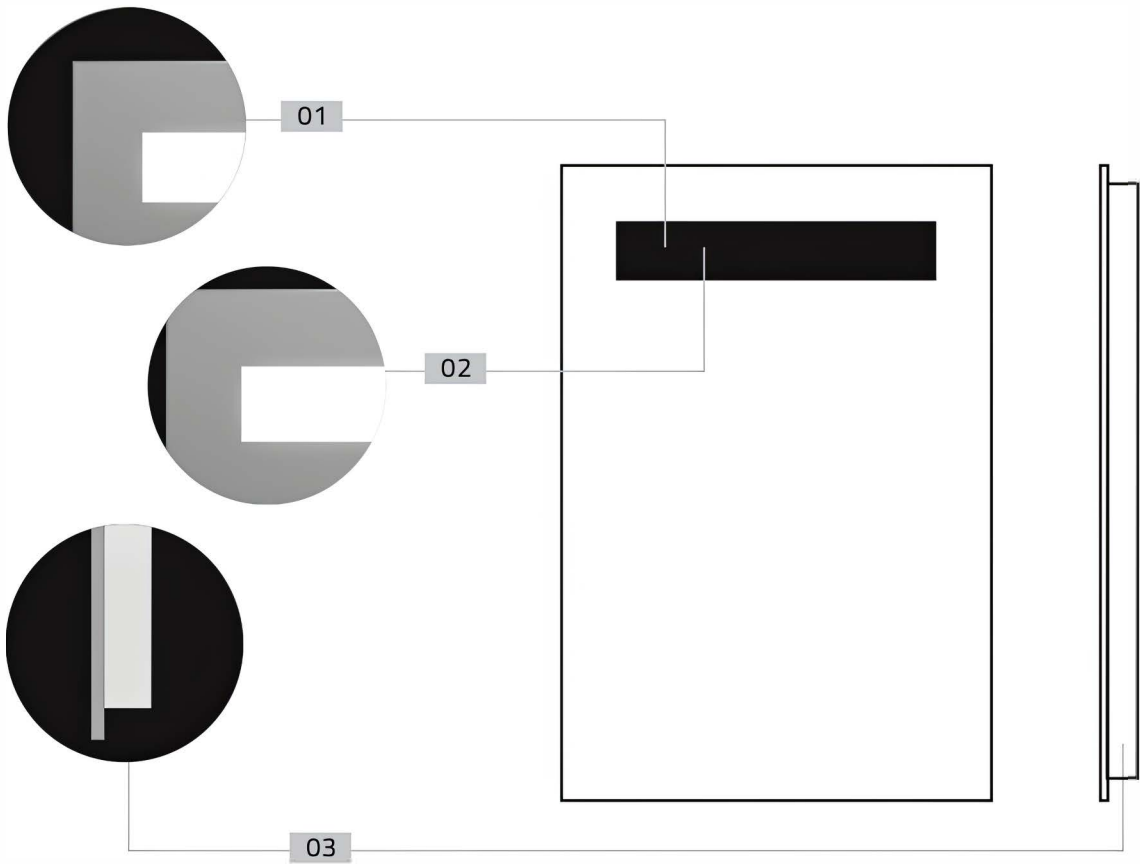

FRONT-LIT MIRROR

The SH-AM-003 front-lit mirror is defined by its dramatic strip of light. This provides any near-perfect powder room with a final touch — a minimalistic decorative lighted accent that elevates and completes any area. The mirror is designed for creating an ambient light atmosphere, and as such needs to be used with existing lighting.

The lighting is composed of a very high quality LED Panel strip that is embedded right onto the surface of the mirror.

03

AVAILABLE FINISHES

SH-IS-005

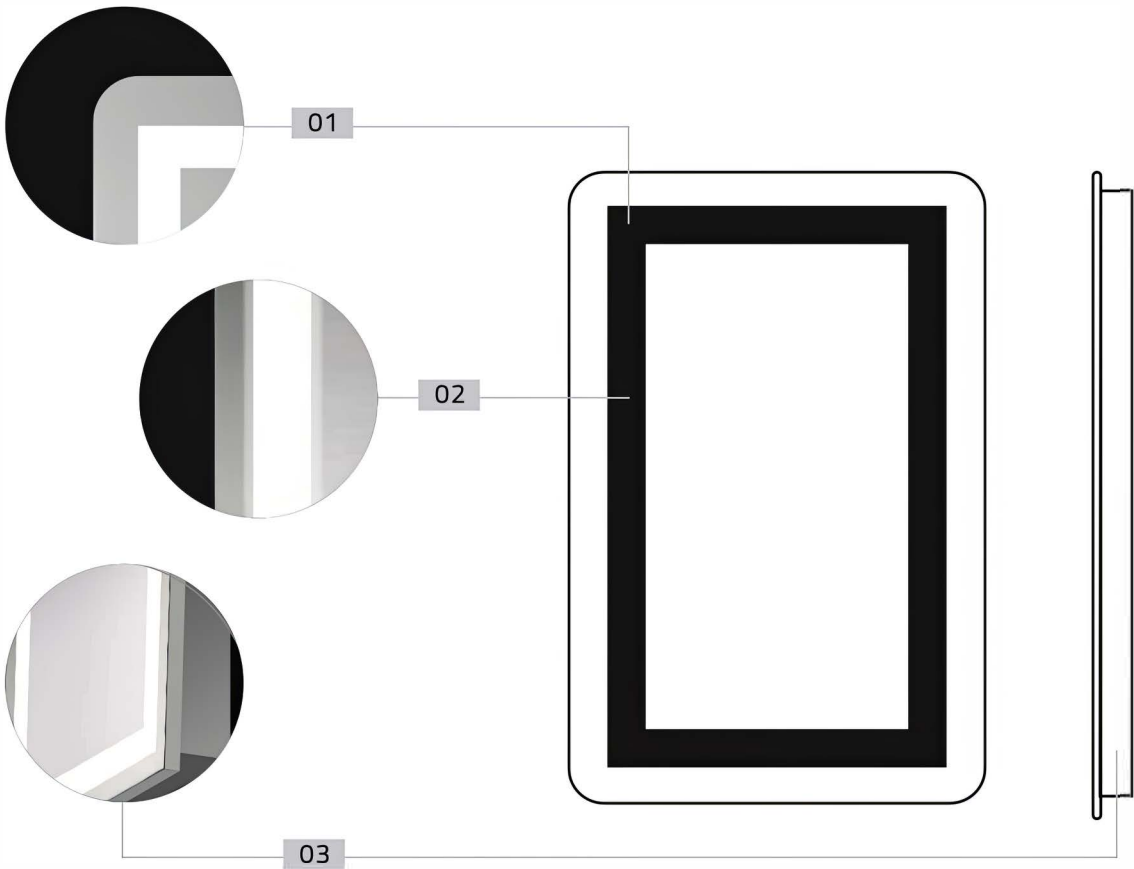

FRONT-LIT MIRROR

As the SH-JE-006's edgier cousin, the Isabell front-lit mirror differs with its rounded corners that create smooth, continuous definition while maintaining a geometric aesthetic. The 2" perimeter frosting allows clear, frontal lighting to spread evenly to the face, reducing and cutting through overhead shadows that cast down from pot lights.

SIZE GUIDE

W 24" x H 36" x 1.75"
W 36" x H 36" x 1.75"
Custom Sizes Available

01

CLOSED CHASSIS DESIGN

03

AVAILABLE FINISHES

SH-SO-008

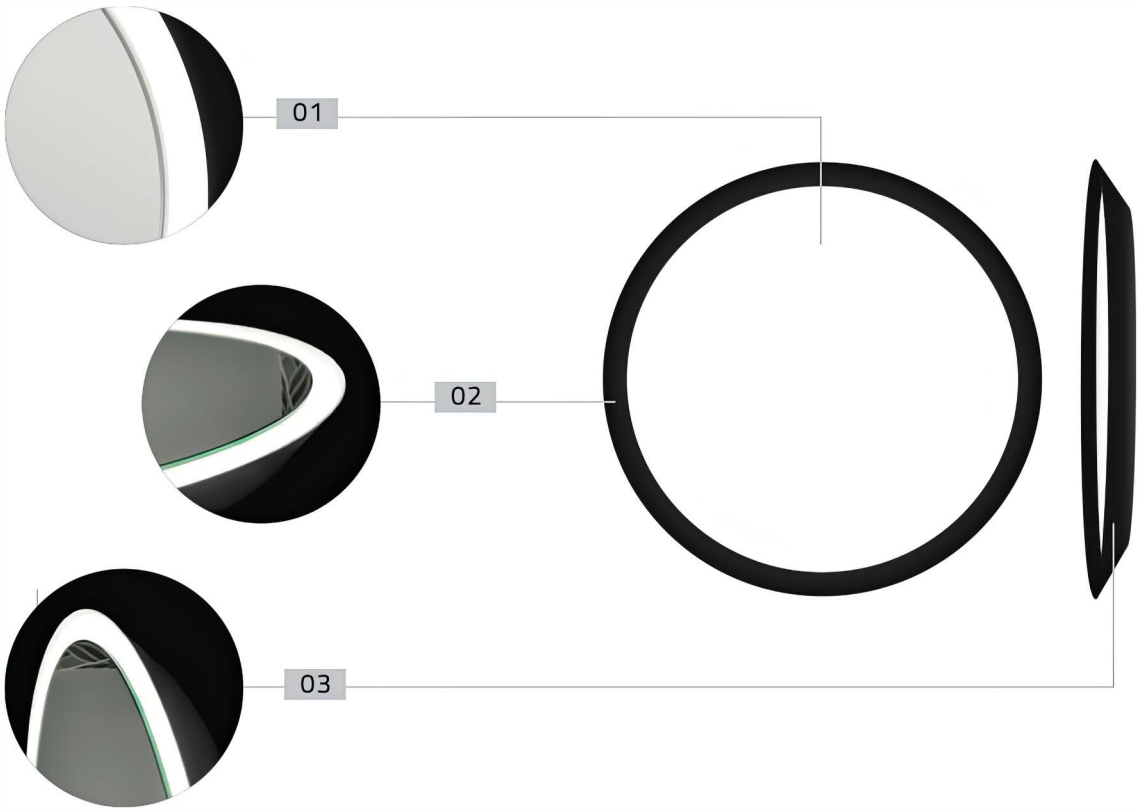

FRONT-LIT MIRROR

Inspired by the lofts and galleries of the iconic lower Manhattan district the SH-SO-008 backlit mirror is our classic oblique glass, inset in a tapered metal disk. This not only creates a sculptural showpiece, but it also allows for the light in the mirror to dually project forward to the viewer and spread out towards the walls at the same time.

SIZE GUIDE

28" x 2" Depth
(25" Diameter mirror)
Custom Sizes Available

01

DESIGN

Light from the hard strips radiate outwards from the back of the mirror towards the entire space providing atmospheric lighting.

02

LIGHT TECHNOLOGY

Lighting composed of very high quality LED HO Flex Technology strip that is embedded directly on the actual surface of the mirror.

03

AVAILABLE FINISHES

The front-lit mirror itself is enclosed within a sleek and scratch resistant finish, matte white steel chassis.

Matte White

SH-CA-009

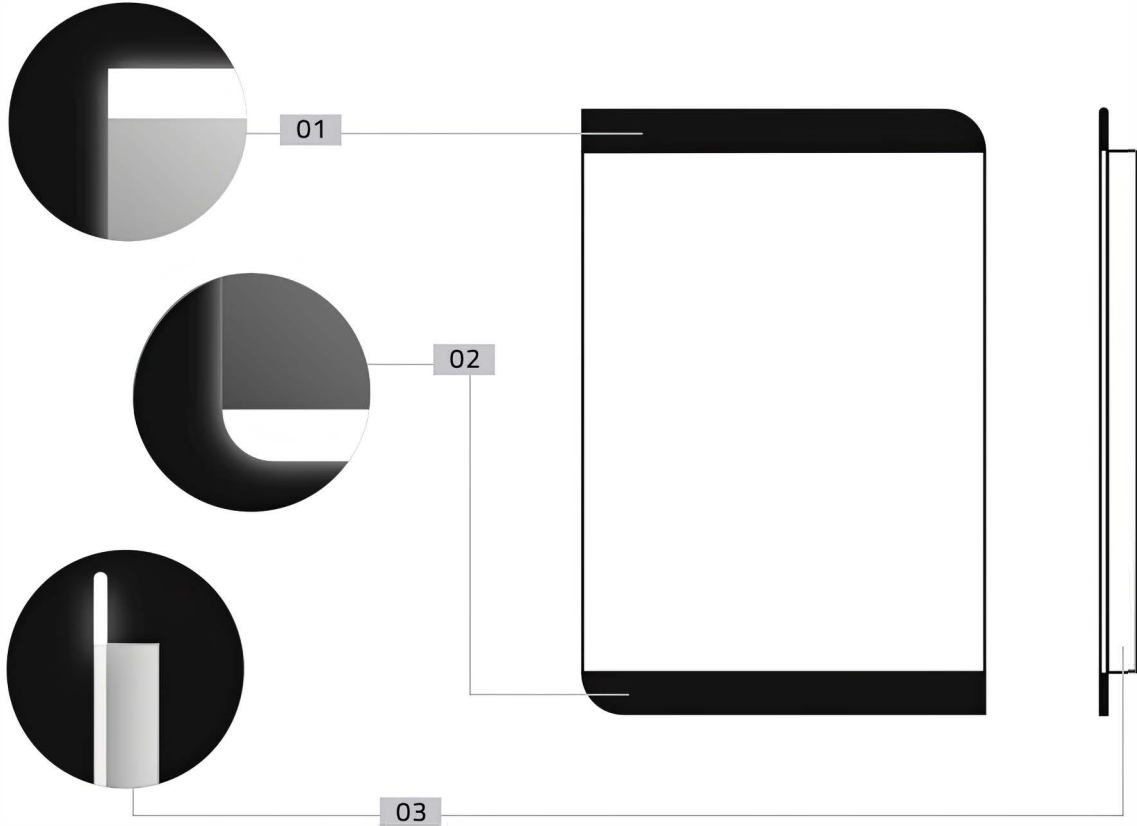

BACK-LIT MIRROR

The SH-CA-009 back-lit mirror highlights the vanity and fine details on walls as well as backsplashes. Its playful, semi-rounded corners have a retro yet luxury appeal. The LEDs themselves are not encased, therefore allowing the light to bounce around the room highlighting various textures and surfaces.

SIZE GUIDE
